

Dean Cain's Farewell

To the Summer Session Students:

This issue of the Gater marks the close of the regular six weeks session of the 1953 Summer Session. I hope that all of you have had a pleasant and profitable summer and that you have been able to take full advantage of the opportunities offered by San Francisco State College. We of the administrative staff want to express our appreciation to you, the student body, for your help and cooperation in adjusting to the problems we have had in moving to our new campus location and particularly for the way you have taken in stride the problems concerned with landscaping, loose sand and all the other things that go along with a major construction project.

We hope you have had opportunity to get acquainted with our new buildings and that you will be able to visualize what the campus will be like next summer with the lawns, flower beds, walks and drives completed.

To all of you I wish every success during the coming year.

LEO F. CAIN
Dean of Summer Sessions

New Campus Residence Hall Opens on September 14; Signup Starts August 4

Providing the first on-campus housing accommodations, State's Men's Residence Hall will open for residency Sept. 14 on the new campus. The new facility provides complete apartments, living-room, kitchen, two bedrooms and bathroom. Eleven apartments house four men each.

NON-DISCRIMINATION

Supplementing the group-living opportunities long furnished at Potrero Hill's venerable "Rock" dormitory, the new Hall will continue State's policy of complete non-discrimination as to color, race or creed.

Dean Dorothy Wells stated that Rock experience has demonstrated that the experience in democratic, cooperative living offered the students is perhaps more valuable than the economic benefits gained.

Boasting modern and attractive furnishings, the Hall will provide free use and laundering of bedding, towels and linen. Bendix laundry facilities are available nearby on campus. However, each apartment group must furnish its own iron, rugs, curtains, and kitchen items.

FOUR MONTHS' PLANNING

Activation of the new housing unit represents culmination of about four months' planning on the part of many of the administrative staff. Initial opportunity for obtaining the building was the need to move it from a Federal "G.I." housing project to make room for a projected road. Originally built for married veterans, the building required few changes other than a new foundation and paint.

Application and residence regulations are as follows:

1. NO applications will be accepted before August 4, 1953, and must be made IN PERSON (no letters or telephone calls) at the office of the Housing Secretary, Room 168, Administrative Building, new campus.

2. Rental is \$22.50 monthly, payable on date of occupancy and thereafter on the first of each month—in advance. Also

Dr. Cain State Dept. Appointee

Dr. Leo F. Cain has been selected by the United States Department of State to represent this country as a consultant in the area of special education.

Dr. Cain will leave on August 1st for Germany where he will work with the German government for a period of three months, returning to San Francisco State College the middle part of November.

required on entrance is a \$12.00 "security deposit."

3. Residents must carry a minimum of 12 units, or 9 units for graduate students.

4. Residents must sign a lease for the semester, covering housing regulations.

Homecoming Three Days in November

The tentative plans for Homecoming, the biggest scheduled event of the Fall semester, have been announced by Jack Hall, ASSFSC activities commissioner.

The three day affair, lasting from Thursday, November 12, 1953, through Saturday, November 14, 1953, will feature many activities designed for participation by both students and alumni.

On opening day, Thursday, a Homecoming rally is scheduled. On Friday, there will be a bonfire rally at which the queen will be crowned. This will be followed by a Homecoming show.

Saturday, the big day, there will be a Homecoming parade, a girl's touch football game, a conducted tour of the new campus for the alumni, the Alumni Banquet, the Homecoming football game with half-time activities, followed by a dance.

Hall stated that it is doubtful now that there will be a parade, because of poor response to the letters of invitation sent out to participating groups.

He added that, "If we can't have a good parade... we won't have one at all."

All activities are scheduled for the new campus.

Troppman Releases Boxing Schedule

The Fall boxing schedule has been released by Boxing Coach Bob Troppman. State's opponents will be University of California, Stanford, Santa Clara, University of Nevada, and Cal Poly.

The main Inter-Collegiate boxing attractions coming up next fall are:

March 5-6—Northern California Boxing Championships, sponsored by S.F. State.

March 17-18-19—Pacific Coast Inter-Collegiate Sectional Championships.

April 1-2-3—National Inter-Collegiate Boxing Championships, held at Pocatello.

Dec. 9, Weds.—Novice Junior All-Collegiate Championships.

150 Expected to Attend Frosh Camp This Year

Post Session Will Begin Monday, NC

Registration for the three week post session will be held on August 3, 1953, in the gymnasium of the new campus, according to Dr. Leo F. Cain, director of summer sessions. The registration lasts from 8:30 a.m. to 12:00 p.m., and from 1:00 p.m. until 3:00 p.m.

On the following day, August 4, a late registration fee of \$2 will be charged, continuing through August 7, which is the last date for registration.

Post session instruction begins August 4, and ends August 21, with all classes being held at the new campus.

The fees include \$7.50 per unit of study, and \$1 for an Associated Students activity card.

The Gator Grill will be open throughout the post session to serve the students with food and liquid refreshment. It is located west of the gymnasium, and adjacent to the education building, which is under construction.

Dee Duz It Again

Dee Hardy, 19 year old drama student at State, has taken another step toward furthering her career by being chosen as the "Sweetheart of the Golden Gate Platoon." The platoon of 60 Marine recruits will sadly have to leave Dee in San Francisco when they depart for training Aug. 26.

GI Term Insurance Will Renew Itself

Four million veterans with GI Term Insurance in force will no longer have to apply to Veterans Administration for renewal of their policies for another 5-year term before their old policies expire.

VA said it will do this for them automatically if their old policies are not lapsed at the expiration of the term period. This means the policy must be in force at the end of the term period with the final premium having been timely paid.

The new procedure went into effect July 23, 1953, when the President signed Public Law 148. It will save at least \$600,000 a year in administrative costs.

The new law covers only those term policies that expire on or after July 23, 1953. VA said it cannot be applied retroactively to term policies which expired before that date.

New Students Introduced To Campus Life by Counselors

For the second consecutive year, The Associated Students of San Francisco State College will conduct a three-day Frosh Camp, September 8, 9 and 10, at Asilomar-by-the-Sea. The camp, designed to familiarize incoming Freshmen with local campus life, will be under direction of Allan Henderson, who headed the camp last year.

During the three days of pre-registration, orientation, the new freshmen will become acquainted with members of the student government, administration and faculty. The incoming students will be introduced to everything from registration, planning programs, majors and minors, to social life, campus clubs and organizations.

COUNSELORS ASSIST

Approximately 30 student counselors have been selected to assist in the orientation program. Each counselor will work with a small group of freshmen, answering questions pertaining to transition from high school to college, and specifically, activities at San Francisco State.

Director Al Henderson pointed out "That other colleges have conducted surveys revealing that 87 per cent of their student leaders received their start at similar Frosh Camps."

RECREATION ACTIVITIES

Henderson stated, "This year we hope to accommodate 150 freshmen at our Frosh Camp site. Our activities, in addition to counseling, will include a "Hello Dance," visits by President Leonard and Administrative Deans, plus swimming, games and social affairs."

Transportation to and from Asilomar will be by bus.

FALL GATER POSTS

Students with previous high school or college newspaper experience are needed for the Fall staff of the Golden Gater. A course in news-writing may also serve as a pre-requisite.

Those interested should contact Bob Horn or Dr. William De Clark by calling Ext. 97 at the old campus.

Gator Grill Open For Post Session, Cafeteria Closed

Mrs. Lehan, College Food Service Director, has announced that during Post Session, the Gator Grill on the new campus will be open Monday through Friday from 7:30 a.m. to 3:00 p.m. The usual fare will be served.

The cafeteria at the old campus will be closed during the entire Post Session.

Mrs. Lehan also requested that the Golden Gater express her sincere thanks to the summer student body for its support, courtesy, and perseverance. "Particularly praiseworthy," she stated, "are those people on the new campus who found it necessary to tramp through the sand to get to the Grill. We had hoped to have the new cafeteria open, but work schedules and unforeseen delays forced us to hold off opening there until Fall."

Mrs. Lehan further said that the folks attending State this summer were an excellent group to serve. "They seemed to understand our difficulties and work with us. All those on the Food Service staff have appreciated their attitude," she concluded.

News in Brief

Grades Out Soon

The Registrar's office announced that summer session grades will be mailed to the students after the close of the session. A card will be included in the envelope with the grades. In order to make the grades official, the card must be filled out and returned, with the grades, to the Registrar's office.

\$2 Fee For Late Reg

The fee for late registration for Post Session will be \$2.00, and will go into effect beginning August 4.

Fall Time Scheds Out

Fall time schedules are now available in the Bookstore for the price of 21 cents. The time schedules supplant tentative mimeographed issues, formerly available only to program advisers for pre-registration purposes. The Bookstore is in the basement of College Hall.

Meredith Willson Shortens Longhair

By LUISA HEPPER

Virtuoso of the flute and of the platform, Meredith Willson, composer and conductor, brought "The Long and Short of It" to Commerce High school auditorium last Thursday night.

In this last of the summer lecture series sponsored by the Associated Students, Willson, with dry, folksy-type humor, gave anecdotes of his life and explained how he became involved with music and the flute.

"THE LONG IS LONGER"
He went on to tell why no one should be ashamed to enjoy music for itself, whether or not he un-

BOOKSTORE HOURS

The Bookstore will be open from 8:00 a.m. to 4:00 p.m. daily (Monday through Friday) in College Hall on the old campus. Books and supplies for all Post Session courses are available.

derstands technical aspects of its composition. The only difference between the long and the short is that the long is longer.

"NOTHING BUT TUNES"
Willson pointed out that all kinds of music are composed of nothing but "tunes." He illustrated this statement by playing and singing four notes which, in variation, identify "The Merry Widow Waltz," "The Man on the Flying Trapeze," and "Home on the Range."

In the same vein, Willson presented a western version of the Scherzo from "A Midsummer Night's Dream," by Mendelssohn, aided by active audience participation.

Using volunteers to "simplify" the understanding of opera, Willson used four volunteers from the audience. Each was given a line, with all speaking their lines at once, thereby emphasizing, according to Willson, that even if operas were in English, they still could not be understood by the layman.

PREVIEWED COMPOSITIONS

During the program, Willson previewed two of his own recent compositions. One, a hymn using the word "freedom" in 40 different languages, will be released in record form later this year. The other, in an Indian setting, is a song written for his native state, an appeal for its proper pronunciation—IOWUH. During the latter, Willson was joined by his sparkling, dark-eyed wife, Rini, who sang a few solos, accompanied by her husband.

Mrs. Willson, incidentally, known as "Zarova," appeared in musical comedy. She met Meredith when she appeared on NBC in San Francisco, where Willson was musical director. Although she wanted to become an actress, her future husband encouraged her to become a singer.

Last Date for Registration—August 7

Last Date for Application for Degree or Credentials—Aug. 7

Tuition: \$7.50 per Unit or Fraction Thereof

College Activities (Associated Students Membership Card): \$1.00

The Entire Post Session Will Be Held on the New Campus at 19th and Holloway Avenue

DIVISION OF BUSINESS

Bus. s117.2 Business Law 3 units

Partnerships and corporations; real and personal property with emphasis on title, transfers, mortgages and leases; torts, business crimes. Emphasis on California law. Prerequisite: Business 117.1. 9:00-11:40 SS109 LAUGHREY

W. B. s194-294 The Far East from the World Business Viewpoint 3 units

Practical problems involved in marketing to this area and developing the resources and exports of these countries, including an area by area analysis of the resources, the problems and the potentialities of the countries of the Far East, Australasia and Pacific Islands with special reference to the effects of emerging nationalism, socialism, and communism on international business and economic relationships. Lectures, discussions and audio-visual presentations. Students enrolling for s294 will be expected to make a concrete study of a specific problem and must have graduate standing and consent of the instructor. 9:00-11:40 SS202 STEVENS

DIVISION OF CREATIVE ARTS

Art s4 Introductory Art 3 units

An understanding and working knowledge of the fundamentals of creative visual art with emphasis on free expression in various media such as chalk, pencil, ink, water-colors and tempera. Section I—9:30-12:10 NCA204 GUTMAN
Section II—1:00-3:40 NCA204 NEPOTE

Art s104 Art in the Integrated Program 2 units

Techniques and skills in handling the various art media required in a modern activity program; special emphasis on the creative use of these materials in the schoolroom. Prerequisite: Art 4 or equivalent. 9:30-12:10 NCA214 JOHANSEN

Art s204 Art in Supervision 3 units

A course in art education designed for administrators and general supervisors. Specific help in understanding and philosophy of art in today's elementary school together with information pertinent to the organization and implementation of art experiences as a part of the whole school program. 9:30-12:10 NCA201 KAGAN

DIVISION OF EDUCATION AND PSYCHOLOGY

Educ. s118.1 Introduction to Audio-Visual Education 2 units

Contributions of audio-visual materials and experiences to learning; physical requirements of the audio-visual classroom; operation of projectors and recorders; selection, utilization and evaluation of various media of instruction. Lecture-demonstration and laboratory course designed to fulfill requirements of California Education Code for credentials. Incorporated with Education 131.1, equivalent to Education 150.2 for elementary and secondary teacher candidates respectively; students who take those courses may not enroll in this course. Section I—9:00-11:40 SS119 WENDT
Section II—9:00-11:40 SS126 PECK

Educ. s130.1 Curriculum and Instruction in the Elementary School 8 units

(Continuation of Nine Weeks Session)
Curriculum organization and practice; relationship of growth and development of elementary children to various aspects of curriculum; observation and participation in social studies and related sciences, health, language arts, and arithmetic; use of audio-visual aids and community resources. Meets general elementary credential requirement. Prerequisite: Education 100 and Psychology 100. 8:30-12:00 and 1:00-2:30 SS112 DISQUE, GRIFFIN
MAYS AND PECK

Educ. s131.1 Curriculum in the Elementary School 3 units

Principles and methods of the modern elementary school curriculum. Designed to meet the needs of experienced teachers who are seeking an elementary credential. (Not accepted in fulfillment of requirements for administrative and supervisory credentials.) 9:00-11:40 SS106 STAFF

Educ. s134.3 Elementary School Reading 3 units

Balanced reading development in the elementary school; relation to total school program; methods and materials; child development characteristics in reading. For experienced teachers. 9:00-11:40 SS127 LEPORE

Educ. s134.4 Elementary School Social Studies 3 units

Social studies in the elementary school program; purposes, methods, and materials with special emphasis on unit-of-work procedures. For experienced teachers. 9:00-11:40 SS134 HOGAN

Educ. s160.1 Education of Exceptional Children 3 units

Survey of various types of physically, mentally and socially handicapped children, characteristics, methods and diagnosis, and suggested educational adjustments. 9:00-11:40 SS110 STAFFORD

Educ. s196.1 Workshops in Aviation Education 2 units

August 17th to August 28th.
San Mateo Junior College, Coyote Point.
Registration: Monday, August 17th at San Mateo Junior College.
A cooperative project with the aviation education committee of the California Association of Secondary School Administrators and the California State Department of Education. Considerable field work in aviation industry plus development of curriculum materials for local use. Address inquiries to Mr. Theodore Munch. SAMS AND STAFF

Educ. s200.2 School and Community (Educ. s200.2) 3 units

Sociological and anthropological analysis of community life to discover the dynamics of community life; study of and practice in some study tools by which school can learn about community and community background of children; implications of these community patterns for school-community relations, school life and activities and curriculum. 9:00-11:40 SS133 HAAN

Educ. s201.2 Trends and Issues in Education 3 units

Changes and controversies in present day school practice; reasons for them. Pros and cons in areas such as the community school movement, curriculum change, federal relations to the school, evaluation procedures. Trends in these areas as parts of a general movement. Designed for fairly advanced students. Prerequisite: graduate standing. 9:00-11:40 S101 STAFF

Educ. s286.1 Problems in School Housing 3 units

A practical course in schoolhouse planning, including financing, site selection, architectural and contractual services, equipment and use. Staff will include specialists from the California State Department of Education, private architects and contractors, with the cooperation of the School House Planning Laboratory and personnel of Stanford University. 9:00-11:40 SS115 SHIPP

Psych. s100 The Learner and Society: 3 units

Growth and Development (Continuation of the Nine Weeks Session)
Section I—9:30-10:45 SS130 GROSSENBACHER
Section II—8:00-9:15 SS130 STAFF

Psych. s130 Child Development 3 units

Growth and development of the child from birth to adolescence. Students may not receive credit for this course and for psychology 100. 9:00-11:40 SS125 STAFF

Psych. s150 Mental Hygiene 3 units

Factors concerned in the development of personal and social adjustment. Prerequisite: a course in elementary psychology. 9:00-11:40 S201 STAFF

DIVISION OF HEALTH, PHYSICAL EDUCATION AND RECREATION

P.E. mw s17.1-4 Badminton (activity course) 1/2 unit

Instruction in strategy, basic skills and practice of badminton. 1:00-2:40 New Campus VERDUCCI

DIVISION OF HUMANITIES

Philosophy s150 Ethics 3 units

A survey of the basic problems of morality and of representative approaches to their solution. 9:00-11:40 SS118 WASSERMAN

Hum. s30 A Study of Life Values 3 units

A study of the values arising in the contemporary world which have endured in human history, based on original works drawn from the Bible, from the literature of Greece, Rome, and the Far East, supplemented by great works in art and music. Class discussions and demonstration lectures; written themes on value problems emerging from the texts, significant for an understanding of these values. Prerequisite: English 6.1 and 6.2. 9:00-11:40 SS135 STONE

DIVISION OF LANGUAGE ARTS

Eng. s111.1-2 Writing for Teachers 3 units

Practical educational writing, emphasizing development of clear distinct style in writing reports, articles and other professional documents. 9:00-11:40 SS214 FOFF

Speech s11 Public Speaking 3 units

Formal and informal speaking with special consideration of the role of the listener; study and practice in parliamentary procedures. Assists the student to improve speaking technique and gain poise and confidence in speech presentations. 9:00-11:40 SS218 KERBY-MILLER

Eng. s143 Directed Reading for Individual Students 1-3 units

A reading course with individual conferences. Reading selected hours arranged in accordance with the interests of the individual student. SHRODES

DIVISION OF NATURAL SCIENCE

Biology s139 Natural History Facilities of Bay Area 3 units

A survey of available facilities for the study of Natural History in the Bay Area. Field trips are an important part of this survey. 9:00-12:30 S211 HARVEY

N.S. s110 Elementary School Science for Teachers 3 units

Content, materials, and methods for improved teaching of appropriate life and physical science in elementary schools. Cannot be substituted for N.S. 100, and is not acceptable toward the master's degree. Prerequisite: experience in teaching. 8:30-12:20 S110 BUTTERFIELD

DIVISION OF SOCIAL SCIENCE

International Relations s192 3 units

The United Nations and the School Curriculum
A three-week institute primarily for teachers but open to other interested students. An examination for international organization upon the evolution, organization, and function of the United Nations and the effective utilization of materials pertaining to the United Nations and the specialized agencies in the school curriculum. 9:00-11:40 SS104 CORMACK

Frosh Learn College Life

Freshmen enjoy three days of sunshine in Frosh Camp, located at Asilomar near Carmel. They listen to speeches by student leaders and faculty members, meet in small discussion groups where questions may be asked of the counselors. For relaxation they swim and dance. After it's over, they have a good idea of what to expect in college. The camp is under the direction of Al Henderson, who is assisted by approximately 30 counselors. The counselors were carefully screened last semester.

Following Frosh Camp, Orientation will be held on campus for freshmen as well as transfer and overseas students.

Pioneer Air Hero Works Quietly for His MA Degree at State; Wants Stanford Ph D

By CARMINA FULLER

No radio facilities, no navigation aids, no beacon lights to guide aviators—such were the conditions when Major G. D. Richards ventured out as one of the outstanding pioneers of flight.

The veteran may be seen each morning moving quietly to his first hour class on the new campus at State college, where he hopes to receive his M.A. in education.

Major Richards' flying career began before World War I, when he was barely old enough to climb into his father's "Jenny" plane. Several years later, at the age of 13, young Richards was permitted to man the ship's controls and take off alone.

It was during the first great war that Major Richards made swift progress in aviation. Because he was one of the few persons who knew aerodynamics, he qualified to become a civilian defense instructor at the University of California, and later promoter of the pre-flight training there.

As a senior pilot with the ATC in World War II, he covered routes to Africa, India, China and Italy.

Other aspects of his career list him as a barnstormer, racing pilot, owner and operator of a flying school, air mail lugger, airline manager, director of the Civil Aeronautics Administration and California's first "flying

principal." He is also author of the book "Aviation manufacturing in California."

The native-born Richards is a graduate of the University of California, San Jose State Teachers College, Curtis-Wright Technical Institute and the Royal Aeronautical school in England, as well as a post-graduate student at the University of Florence, Italy. In addition he holds a senior pilot's rating in the U.S. Air Force and appears in "Who's Who in Aeronautics" for 1953.

Gen. "Ho" Arnold himself initiated the major into an exclusive pilots club—The Quiet Birdmen—in 1943. Richards is also a member of the Olympic club,

Kappa Delta Pi, Tau Delta Pi and the Institute of Aeronautical Sciences.

Before his retirement from the Air Force as assistant professor of air science and tactics at San Jose State, Major Richards had logged more than 150,000 hours of flying time.

When the tall, slightly graying aviator was asked his reason for coming to State college, he replied with a gracious smile that he likes the atmosphere at State and the many opportunities it offers. Now a resident of Westlake, the unassuming major plans to earn his Ph.D. at Stanford University.

Fawcett Will Win Boxing Blanket

By LeROY PACINI

John Fawcett, a wirey-built, five foot nine inch, 132 pounder veteran, will soon become the first man in the history of San Francisco State College to win the "blanket award," given in recognition of four years of college boxing.

Fawcett has a record of 23 intercollegiate bouts, winning 16 of them, all by decisions. He has lost five times, and has fought to two draws. Among John's wins is a beating he handed Frank Tours of Cal Poly, who later won the Pacific Coast Intercollegiate Championship.

Boxing Coach, Bob Troppman, feels that Fawcett will "go all the way this year and become State's first National Intercollegiate Boxing Champion."

He has already annexed the 1951 Far Western Championship, light-weight division, and has been chosen captain of the '52-'53-'54 boxing teams.

A pre-med student, the 23 year old Fawcett, is originally from Capitol City, Sacramento. He is married, and has a budding one and one-half year old slugger in his family. He plans to attend the University of California Medical School when he is finished at State.

JACK ANDERSON ON ALL-WFC TEAM

Jack Anderson, a member of State's fencing team, has been picked on the All-Western Collegiate Fencing team, selected by the Western Intercollegiate Conference.

Jack graduated in June 1953. In his senior year, in addition to his fencing, he was ASSFSC treasurer.

-- Sports Notes --

Following In The Footsteps Dept. . . . If things go well, baseball coach Dick Doyle can expect to welcome a couple of outstanding baseball prospects next summer in Frank Reitterman and Jim Custodio.

Did You Know that Steve Driscoll, hardy Irish member of last year's baseball team, is the nephew of Paddy Cottrell, head Yankee scout in this area? And that it was Paddy who talked the slick fielding first sacker out of a pro contract when he graduated from Sacred Heart? Cottrell was not scouting at the time.

Rec 71 Students Dance, Sing Their Way to One Unit

Driftwood, coconuts, lifesavers (the large economy size), and leis adorned the Recreation center on the new campus. The setting was made more authentic by true Hawaiian music. This was the scene for the first of a series of parties given in the Recreation 71 class.

But this wasn't a party given just for the "fun" of it, it was a class assignment in Social Recreation Leadership. Several parties have been given by the students, who formed committees to produce them. The first, a Hawaiian party aimed at the 10 to 12 year old age bracket, was followed by a Chinese party, then a Hallowe'en party, a college party, and a theatrical party.

The students plan and organize, as well as produce these parties, as an exercise in Social Recreation Leadership. Organizing the first party venture were Harriett Stewart, June White, Pete Maccan, and Al Picar. The Oriental touch was emphasized the second day when Mari Asselta, Effie Argyres, Harry Vewer, and Bob Nelson, produced a social in the Chinese style.

Teaching the class is Mrs. Doris Meek who stats, "This seems like a cinch class, but these students put a lot of work and research into these affairs. Recreation leaders are needed, and the students are learning to fill this need by actually practicing these different social recreation ideas."

Coach Joe Verducci should be pleased to hear that Wai Rillett, star end from City College, is planning to transfer to State next term. Rillett is also a track man.

Last we heard of Al Rossetto, up and coming baseball star of 1952, who retired in '53, he had a summer job as mail clerk at a local establishment.

COACH TROPPMAN HAS BOXING TALENT; HARPER SHARP

By LeROY PACINI

Boxing Coach Bob Troppman will have about as much fine material to work with next season, as State has ever before produced.

Probably his greatest prospect is Harper, a light-heavy. Jerry was a star center on the football team when he attended Sacred Heart High, and also was on the State football team last season in a guard position. He is rough and willing, and with a year of experience already under his belt, he should make it as rough on his opponents in the squared circle, as he has on his opponents on the gridiron.

Of course, it goes without mentioning that 132 pound John Fawcett, three year vet, will be back.

Another great prospect is freshman Bob Carillo. The clever little 19 year old 132 pound gamecock, a graduate of Poly High, is fierce when he gets rolling, and can dump an opponent with either hand. Last season the little lefty annexed the Northern California Intercollegiate Light-weight Championship. He was the only State man to come up with a title in that tournament.

Then there is 20 year old junior Dick Kelley, a two year man

who, according to Troppman, may be a champ.

Also on the roster are Ashberry Butler, a 119 pound, one year letterman. He is a junior. Doug Whitley, a 21 year old freshman Navy returnee, will also be in the running. He is a 139 pounder. Pete Limm is also an ex-Navy man who may fill the bill. He is a 160 pound, 22 year old junior.

James Quinn is a dangerous 146 pound, 22 year old sophomore who with his year of experience, should do well. Gridder Bob Foote is a 225 pound senior that will be tough to

handle. A couple of other football men, Johnny Fortson and Dick "Butch" Storm, will also be around to make trouble. Fortson is a 175 pound 20 year old senior. Storm is a 173 pound, 20 year old junior, back after a year's layoff. Both men are competing fullbacks on the football team.

Lyn Darden is a good looking 19 year old, 167 pound junior, along with Dick Landry, another junior at 175 pounds. John Foley, another ex-gob, will be returning to the ring after a year layoff. He is a 147 pounder.

1. Chesterfield Quality Highest 15% higher than its nearest competitor and 31% higher than the average of the five other leading brands . . . based on recent chemical analyses giving an index of good quality for the country's six leading cigarette brands. The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest.

2. No adverse effects to nose, throat and sinuses from smoking Chesterfield. From the report of a medical specialist who has been giving a group of Chesterfield smokers regular examinations every two months for well over a year.

3. First with premium quality in both regular and king-size. Much Milder with an extraordinarily good taste.

Don't you want to try a cigarette with a record like this?

"I've been a Chesterfield smoker for 7 years and know they're best for me!"
Try them yourself."
